ORDER:

In the references 1<sup>st</sup> and 3<sup>rd</sup> read above, the Engineer-in-Chief(Irrigation) has requested the Government, permission for drawl of 0.286 Cusecs or 0.009 TMC of water per annum from surplus water of Krishna River under consumptive use with usual terms and conditions with the condition of clearance from Pollution Control Board to M/s. Sudheer Bio Products Pvt., Ltd., Sy. No. 526, 532 etc., Peddavaram(V), Nandigama(M), Krishna District.

2. Government after careful examination of the proposal, hereby accord permission for drawl of 0.286 Cusecs or 0.009 TMC of water per annum from out of the releases from the NSP to PB during the monsoon period only, keeping in view the meager water requirement to M/s.Sudheer Bio Products Private Limited, Sy.No.526, 532 etc., Peddavaram(V), Nandigama(M), Krishna District for consumptive use in their proposed Grain based Distillery Plant(60 KL PD) and also subject to the concurrence of District Collector, Krishna District and the clearance of Pollution Control Board subject to the following terms and conditions:-

- 1) The annual requirement of 0.009 TMC per annum from out of the releases from the NSP to PB during the monsoon period, keeping in view the meager water requirement.
- 2) The water drawn from the river should be utilized for the purpose for which permission is granted. Any misuse in this regard will entail cancellation of the permission without any notice and also liable for imposition of penalty.
- 3) The entire cost of infrastructure to draw water shall be borne by the industry only.
- 4) Water meters or suitable approved measuring devices should be installed by the industry at their own cost to measure the water consumed and the water measuring devices should be kept under the control of Irrigation & CAD Department and the representatives of the user shall be present at all times for taking readings.

- 5) The industry should pay water rate at the existing rates and subject to revision by the Government from time to time. In case of failure to pay water rate, royalty, the permission to draw water shall stand cancelled.
- 6) No field bodhi or pipeline shall be taken through or along with Government land without approval of Government and if permission is accorded by the Government, the lease of Government land should be paid as fixed by the Government.
- 7) The industry should obtain the prior concurrence of concerned Department for laying pipeline and for crossing etc.
- 8) The industry should make their own arrangements for supplementation of water in their premises only.
- 9) The industry should make their own arrangements to dispose the treated effluents as per norms of Andhra Pradesh Pollution Control Board in their premises only and should obtain prior permission if any needed from Government to dispose treated effluents in the natural resources.
- 10) The Irrigation & CAD Department reserves the right for cancellation of the permission without assigning any reasons thereof.
- 11) The Irrigation & CAD Department is no way responsible of non-supply / Non Availability of water due to any reasons in any particular water year.
- 12) The Industry must strengthen the canal/river margin 100 Mts or as decided by the I&CAD Dept., on either side of the proposed off take point to avoid slips, erosion of banks and to protect existing margins as directed by the Department.
- 13) The industry should lay the pipeline duly leaving not less than 1.00 Mts., from the toe of the flood bank.
- 14) The industry has to construct CC walls to avoid leakages at pipe line crossings.
- 15) The industry should follow the Revenue Board Standing orders (B.S.O.).
- 16) The industry should pay security deposit at 2.5 % on 10 years water charges for which permission is granted.
- 17) The permission accorded shall be initially for a period of 5 years only. The permission shall have to be renewed well in advance before the expiry of the permission.
- 18) The Industry shall pay one year water charges as advance and the amounts due to the Department before entering into agreement.
- 19) The industry should make its own arrangements creating storage facilities for the requirement of water 0.009 TMC during the flood period.

Contd.. 3.,

- 20) The present rate of royalty charges as per the G.O.Ms.No.39, I&CAD Department, Dated:02-04-2002 is Rs.4.50 per 1000 gallons for consumptive use. The water royalty charges are likely to be revised by the Government from time to time and the industry shall pay the revised rates as fixed by the Government from time to time.
- 21) The firm has to pay the water charges for the estimated quantity in advance at the start of the Finance Year (i.e) before 10<sup>th</sup> April every year as per BSO.
- 22) The consumptive utilization of 0.009 TMC of annual requirement as required should not be exceed under any circumstances.
- 23) A detailed plan showing the location, the intake arrangements, conveyance system etc., shall be furnished to the Department.
- 24) The industry shall abide any other conditions laid down by the Government/ Department from time to time.
- 25) The permission does not confer any riparian right to the industry.
- 26) Non adherence of any of the conditions by the industry entails cancellation of the permission without any notice.

3. In addition to the above, the following conditions may also be kept in view:-

- i) the quantity of water to be actually permitted for the drawal shall be as certified by the Industries Department.
- ii) the industry shall obtain all the necessary clearances required.
- iii) Water storage facility with a minimum capacity of 0.0045 TMC within the premises of the unit shall be constructed to the satisfaction of the I&CAD Department before the Industry is granted the permission to utilize the water.
- iv) the point of drawal of water shall be kept above the FRL/normal flood level.
- v) the pump house shall be constructed at the point of drawal and I&CAD Department shall carry out regular inspections to curb any unauthorized drawal of water during the non-monsoon period.
- vi) the department will be responsible for positioning appropriate proposals for ensuring that under no circumstance shall the industry draw water during the non-monsoon season.
- vii) willfull and proven unauthorized tapping of water in non-monsoon season or in excess of the quantity authorized, in violation of the conditions under which the permission is granted shall besides the cancellation of the permission granted, invite penal action, as per the law of land.
